

APPENDIX.

While the copy for this edition of the Dictionary was in the course of preparation, some correspondence was had with Rev. W. J. Cleveland, of Rosebud Agency, in regard to furnishing on a somewhat extended scale the Titonwan forms of the Language. But it was not known that he could undertake the task until after the work had gone into the hands of the printer. When his first installment of notes came thirty pages had been electrotyped. It was important that, in some form, these words should appear in the Dictionary. Hence these, with other words, some of them not Titonwan, that have come from various quarters during the progress of the work, are here given in an appendix.
